February 2021

Dear Parents/Caregivers,

Under the Education (General Provisions) Act 2006, schools can ask parents/caregivers to make a voluntary financial contribution to provide an enhanced educational service and to enhance resources available for student learning, recreation and facilities for the education of students.

The school is grateful that many of the Maroochydore State School families support payment of this contribution. Due to the school's inclusive policy, all students enjoy the benefits of the additional resources obtained through the contribution payment.

The Voluntary Financial Contribution is \$70 per student for all Prep to Year 6 students. This works out to be just \$17.50 per term and can be paid termly.

As reported to the Parents' and Citizens' Association, the contribution will be directed towards:

- Supplementing consumable resources which are used to ensure real life learning experiences for our students
- Accommodating a range of school based and workplace programs to enhance student skill development.

As a school we are extremely proud of the breadth of curriculum, extensive range of opportunities and the high quality achievement of our students in our school and external environment. All monies raised through this contribution are expended directly on the students of the school on an annual basis. The contribution and its operation are an integral part of the audit process undertaken by the school on an annual basis.

Arrangements for Payment

Please complete the following section and return it to school by the end of your child's third week at school with payment as you have indicated.

Payment can be made by direct bank deposit and a receipt will be provided.
